Standard Operating Procedure

Pic Manual – Store Manager

Spire 1.1 – Store Manager UI

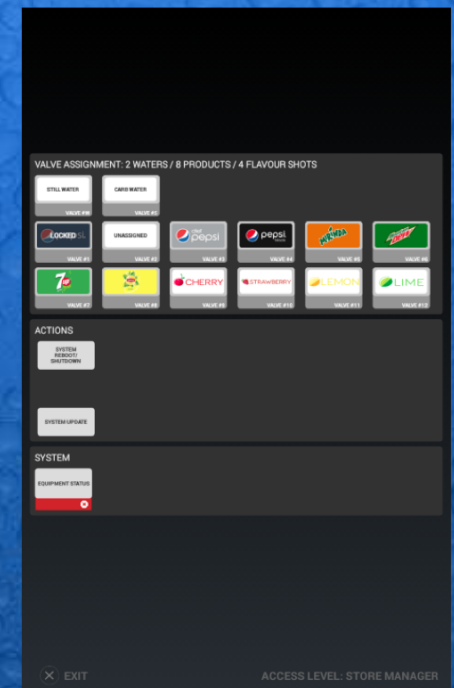

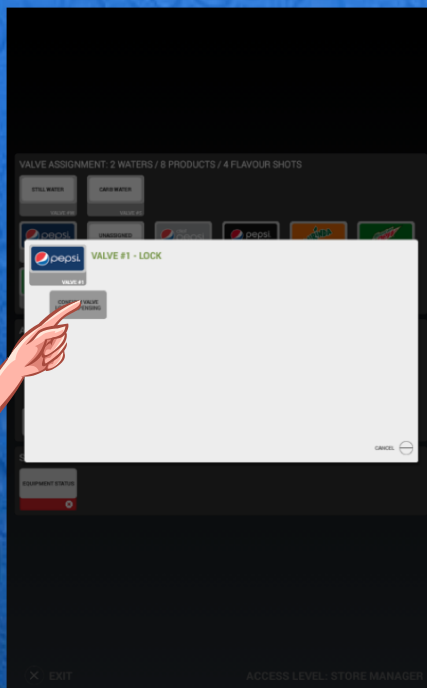

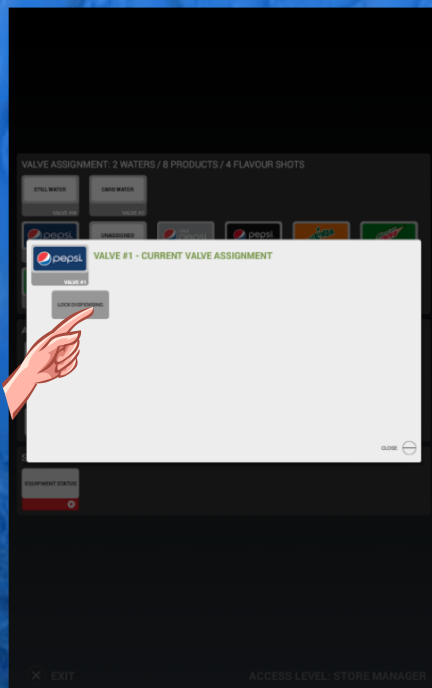

Lock Valve

Touch the corners of the Spire screen in the order **1121** (top left, top left, top right, top left).

To access the "Store Manager" access level, enter **2345** on the PIN pad.

Tap the brand/flavor icon of any valve to lock dispensing.

Then select "LOCK DISPENSING".

Next tap "CONFIRM VALVE LOCK DISPENSING", and then "CLOSE".

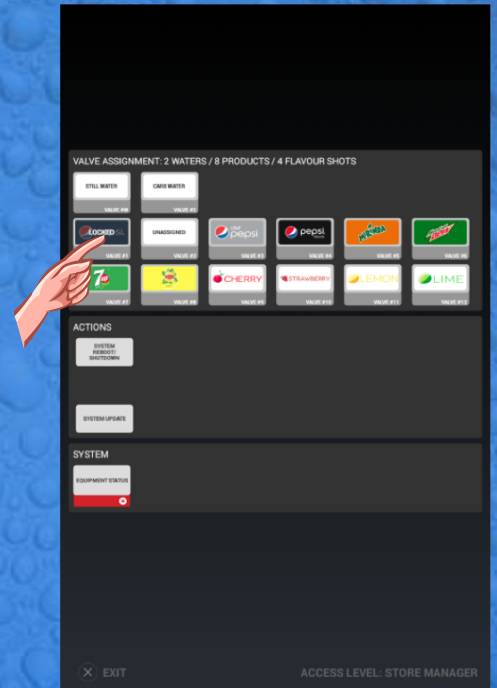

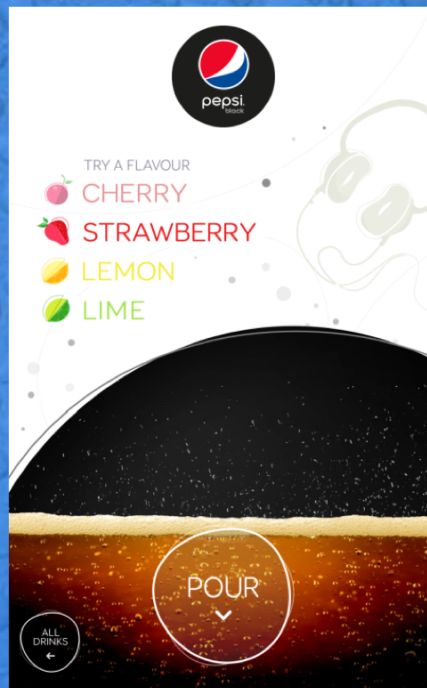

The brand/flavor icon displays the word "LOCKED". Press "EXIT" to return to the menu.

Standard Operating Procedure

Pic Manual – Store Manager

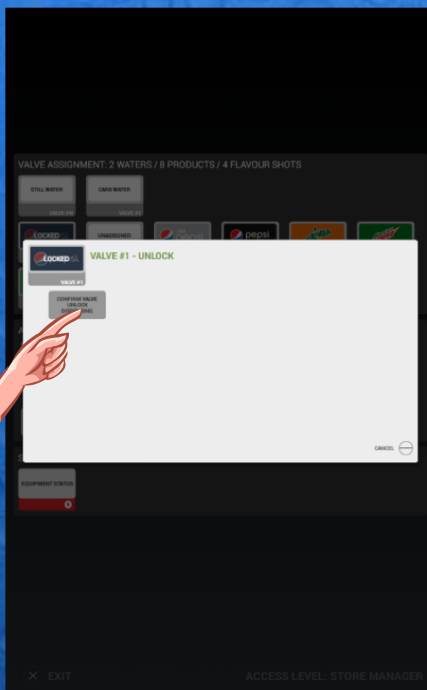

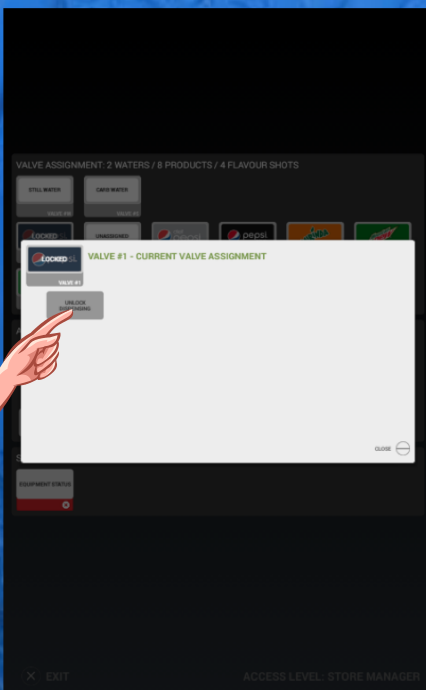

Store Manager UI Lock Valve

A locked brand displays the "OUT OF STOCK" message and cannot be selected.

A locked flavor appears in faded text and cannot be selected.

To unlock, first tap the locked brand/flavor icon.

Then tap "UNLOCK DISPENSING".

Next tap "CONFIRM VALVE UNLOCK DISPENSING", and finally "CLOSE".
